

Coding, Marking & Packaging Solutions

ABOUT US

- Felix Solutions is a coding, marking and packaging solution provider in the industry. The senior founder members have over two decades of rich industry experience in providing complete packaging solutions. A young energetic team complements them.
- Primarily into marking and coding businesses, Felix provides Inkjet printers from the world's leading brand Citronix. Citronix have mastered the inkjet technology after years of research and development in the field of continuous inkjets. The machines are simple to use with user-friendly touch screen displays and easy maintenance procedures. This makes the machines very economical as the machine running cost and consumable cost is much lower compared to other industry players.
- We also have the best of carton sealing/taping and carton coding machines. Carton sealing machines are heavy-duty machines with long operational life. The powers saving mode features add to the benefit in running cost.
- Felix was formed with a vision to provide optimum packaging solutions and timely service to customers to reduce the down time of machines. Our enthusiastic team promises immediate attention to customer requirements and services.

Semi Automatic Carton Sealing Machine - ECOTAPE

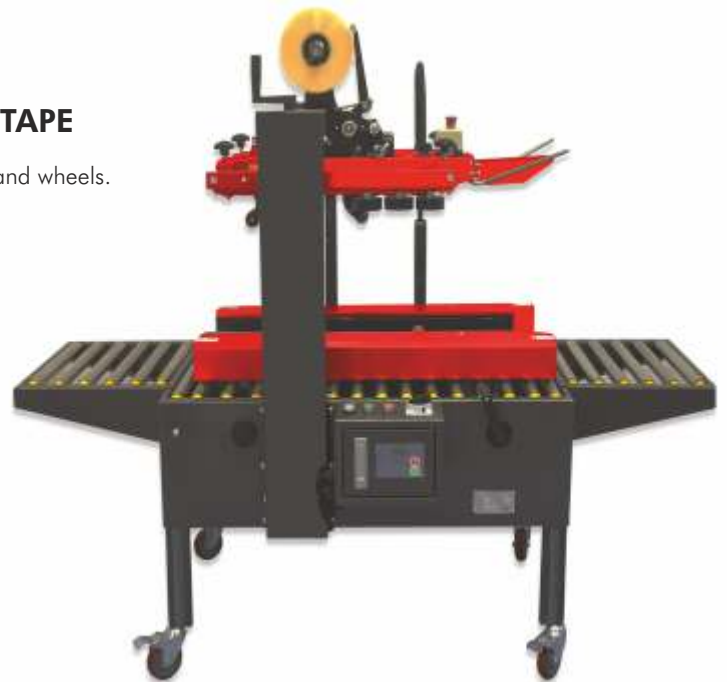

- Side driven with dedicated motors.
- Includes infeed and outfeed rollers.
- Cost effective, easy to use machine.
- Belt Speed: Max carrying weight : 18-20 kgs.
- Tape width : 50mm.

Length	Width	Height
•Min: 150 mm	•Min: 120 mm	•Min: 120 mm
•Max: ∞	•Max: 500 mm	•Max: 480 mm

Semi Automatic Carton Sealing Machine - EASYTAPE

- Easy setup Configuration for height & width adjustment on smooth hand wheels.
- The Machine Seals both top and bottom simultaneously.
- Automatic Box Centering.
- Box Conveying speed 20 mtrs/min for high speed output.
- Adhesive Tape: Kraft, Polypropylene, PVC.
- Maximum Box weight: 40 kg.
- SS rollers for high durability.
- Tape width : 60 mm.

Length	Width	Height
•Min: 150 mm	•Min: 120 mm	•Min: 130 mm
•Max: ∞	•Max: 500 mm	•Max: 480 mm

Coding, Marking & Packaging Solutions

Semi Automatic Case Erector - EASYFORM

- Semi-automatic case former folds four bottom flaps & supports them during the filling operation.
- EASYFORM combined with Carton sealer represents a compact and dynamic semi-automatic packaging line.
- Air Supply: 4-6kgf/ cm².

Length	Width	Height
•Min: 200 mm	•Min: 160 mm	•Min: 120 mm
•Max: 600 mm	•Max: 480 mm	•Max: 500 mm

Combined Machine for Box Forming + Sealing + Strapping - PACKFORMER

- Forming, taping & Strapping packaging station composed by a case former with a pushing cylinder & by a taping and strapping part.
- The PACK FORMER is the right solution for forming, sealing & strapping, all at one station.

Length	Width	Height
•Min: 200 mm	•Min: 150 mm	•Min: 120 mm
•Max: 500 mm	•Max: 400 mm	•Max: 450 mm

Carton Sealer with Automatic Flap Closure System - AUTOTAPE

- Automatic carton sealer with manual dimensioning and flap closing system.
- It folds the four upper flaps and seals the top & bottom uniform boxes automatically.
- Useful on fully automatic lines without operators.
- 6 digit - Digital counter.

Length	Width	Height
•Min: 200 mm	•Min: 150 mm	•Min: 120 mm
•Max: 550 mm	•Max: 480 mm	•Max: 480 mm
